Hi Lauren;

Here it is, not zipped. Please let me know by response if it came through alright or not.

Hi Mike,

I was trying to open the attachment and it would not open anything. Would you mind trying to resend as a powerpoint? I know we have difficulty sometimes with the email service stripping zip files. If the file size is too large then converting the powerpoint to a PDF may be an alternative.

Hi Lauren;

Attached is my updated talk for the March 28th RTAG. I have numbered each slide to make it easier to assure we are all on the same page as I proceed.

I received the call in information and access code.

I can call in a bit early on the 28th, or perhaps someone could shoot me an email to let me know that it's my turn?

Thanks,

Michael Suplee
